EPA REG #93672

Nobody likes to think too hard about what's going on inside of carpets. They offgass toxins and VOC's, contain stains, dead skin cells, old shampoo, and other accumulations, an all-you-can-eat buffet for mites, mold, and bacteria.

NeoSan Labs 03 disintegrates toxins, allergens, and irritants into 100% biodegradable components, leaving no harmful residue behind. Odors and stains are neutralized on a molecular level, so they will not reappear. Colors are revived without the need for brighteners.
